	Notes & caveats	19

Chapter 1

Introduction

This codebook encompasses all measures across multiple projects in the Embark Lab.

You can navigate by project, measure, or type of variable you are looking for. If you are looking for more information on individual projects you can find links to their individual codebooks here:

MAXED and MR21:

POWERED:

BAM:

Chapter 2

All Measures

Chapter 3

By Group

Overview

This codebook documents variables from four studies — **POWERED**, **MAXED**, **MR21**, and **BAM** — grouped into six conceptual categories, with a seventh *Administrative / Other* appendix for REDCap system fields (timestamps, record IDs, form completion flags, consent/signature fields, etc.). Each variable is tagged with the project(s) in which it appears:

Each chapter below has one searchable, sortable, filterable table. Use the column filters at the top of each table to narrow by Measure or Project.

Category	Variables
Medical History	1438
Eating Disorder Behaviors	1355
Administrative / Other	740
Socio-behavioral	650
Mental Health Diagnosis	294
Anthropometric Measures	120
Demographics	93

Category	MAXED	MR21	POWERED
Administrative / Other	351	494	58
Anthropometric Measures	46	55	37
Demographics	27	56	55
Eating Disorder Behaviors	445	617	757
Medical History	126	122	1302
Mental Health Diagnosis	118	249	96
Socio-behavioral	383	397	169

3.1 Demographics

Age, sex assigned at birth, gender identity, pronouns, race/ethnicity, education, household characteristics, and other participant background variables.

Search:				
Variable	Label	Measure	Value / coding	Projects
All	All	All	All	All
dcf_age	Birth Date Birthdate	DATA COLLECTION FORM		MAXED MR21 POWERED
dcf_agecalc	Age	DATA COLLECTION FORM		POWERED
dcf_ageround	Round their age UP to the nearest 0.5_x000D_ _x000D_ I.e., _x000D_ 19.12 = 19.5_x000D_ 16.75 = 17	DATA COLLECTION FORM		POWERED
dcf_children	Do you have any children?	DATA COLLECTION FORM		MAXED POWERED
dcf_children_ages	How old are your children?	DATA COLLECTION FORM		MAXED POWERED
dcf_children_amount	How many children do you have? If so, how many?	DATA COLLECTION FORM		MAXED POWERED
dcf_education	Education in years (GED=12) Highest (or current) level of education achieved? How many years of education have you completed? (For example, if you completed high school or if you have your GED,...	DATA COLLECTION FORM	1, ninth grade 2, tenth grade 3, eleventh grade 4, twelfth grade 5, 1st year of undergraduate 6, 2nd year of undergraduate 7, 3rd year of undergraduate 8, 4th year...	MAXED MR21 POWERED
dcf_education_accom	Have you received any academic accommodations? (i.e. extra time during test, one on one time with an aid, etc.)	DATA COLLECTION FORM		MAXED MR21
dcf_education_accom_explain	Please explain.	DATA COLLECTION FORM		MAXED MR21
dcf_gender_identity	How do you describe your gender/gender identity (check all that apply)? What is your current	DATA COLLECTION FORM	1, Woman 2, Man 3, Nonbinary 4, Genderqueer 5, Agender 6, I use different words to describe my Gender.	MAXED MR21 POWERED

3.2 Anthropometric Measures

Height, weight, BMI, Tanner staging, and pubertal development indicators.

Search:

Variable	Label	Measure	Value / coding	Projects
All	All	All	All	All
bmi	BMI	BMI		POWERED
bmi_height	Height in cm: Height in m^2:	BMI		MR21 POWERED
bmi_intake	BMI at intake	BMI	$\text{round}((\text{bmi_weight_kg} * 10000) / ((\text{bmi_height})^2)), 1)$	MR21
bmi_weight_kg	Weight in kg:	BMI		MR21 POWERED
bmi_weight_pounds	Weight in pounds	BMI		POWERED
dcf_current_height	How old were you when you reached your current height?	DATA COLLECTION FORM		MAXED
dcf_height	<div class="rich- text-field- label"> <p>What has been your highest ever weight at your current height?</p> </div>	DATA COLLECTION FORM		MAXED
dcf_nmj_quit_table	<div class="rich- text-field- label"><p> List how old you were in years each time you stopped consuming marijuana for 2 months or longer, and how long (in months) yo...	DATA COLLECTION FORM		MR21
dcf_steroids_quit_table	<div class="rich- text-field- label"><p> List how old you were in years each time you	DATA COLLECTION FORM		MR21

3.3 Medical History

Medical diagnoses, surgeries, hospitalizations, medications, menstrual history, substance use, vitals, and prior weight history.

Search:

Variable	Label	Measure	Value / coding	Projects
All	All	All	All	All
alc_months_quit	Months abstained	DATA COLLECTION FORM		POWERED
alc_months_quit_1	Months quit for 1st age	DATA COLLECTION FORM		POWERED
alc_months_quit_2	Months quit for 2nd age	DATA COLLECTION FORM		POWERED
alc_months_quit_3	Months quit for 3rd age	DATA COLLECTION FORM		POWERED
alc_months_quit_4	Months quit for 4th age	DATA COLLECTION FORM		POWERED
alc_months_quit_5	Months quit for 5th age	DATA COLLECTION FORM		POWERED
alc_year_quit	Age	DATA COLLECTION FORM		POWERED
alc_year_quit_1	1st age	DATA COLLECTION FORM		POWERED
alc_year_quit_2	2nd age	DATA COLLECTION FORM		POWERED
alc_year_quit_3	3rd age	DATA COLLECTION FORM		POWERED
alc_year_quit_4	4th age	DATA COLLECTION FORM		POWERED
alc_year_quit_5	5th age	DATA COLLECTION FORM		POWERED
dcf_2moabsent_3	Has there ever been a	DATA COLLECTION		MAXED

3.4 Mental Health Diagnosis

Diagnostic interviews and standardized symptom measures — DIAMOND, BDI-II, PHQ-9, GAD-7, RCADS, YBOCS, OCI, Columbia SSRS, DSM-5 Cross-Cutting Symptoms, MMSE.

Search:

Variable	Label	Measure	Value / coding	Projects
All	All	All	All	All
bdi_10_crying	Crying	BDI-II	0, I don't cry anymore than I used to. 1, I cry more than I used to. 2, I cry over every little thing. 3, I feel like crying, but I can't.	MR21
bdi_11_agitation	Agitation	BDI-II	0, I am no more restless or wound up than usual. 1, I feel more restless or wound up than usual. 2, I am so restless or agitated that it's hard to stay still. 3, I am so r...	MR21
bdi_12_interest	Loss of interest	BDI-II	0, I have not lost interest in other people or activities. 1, I am less interested in other people or things 2, I have lost most of my interest in other people or things. ...	MR21

3.5 Eating Disorder Behaviors

EDE, EPSI, ED100K / ED100K+, ED History, Drive for Thinness/Muscularity, Compulsive Exercise, Exercise Dependence, ART, Goldfarb Fear of Fat, Analogous Exercise Decisions, SRHI (habitual eating), post-interview target-weight survey, and binge / purge / restrict / food-intake / milkshake task items from

the visit forms.

Search:

Variable	Label	Measure	Value / coding	Projects
All	All	All	All	All
aed_1hr1	Would you rather have:	ANALOGOUS EXERCISE DECISIONS	1 = One hour exercise, 2 = \$1	MR21
aed_1hr10	Would you rather have:	ANALOGOUS EXERCISE DECISIONS	1 = One hour exercise, 2 = \$100	MR21
aed_1hr2	Would you rather have:	ANALOGOUS EXERCISE DECISIONS	1 = One hour exercise, 2 = \$2	MR21
aed_1hr3	Would you rather have:	ANALOGOUS EXERCISE DECISIONS	1 = One hour exercise, 2 = \$5	MR21
aed_1hr4	Would you rather have:	ANALOGOUS EXERCISE DECISIONS	1 = One hour exercise, 2 = \$8	MR21
aed_1hr5	Would you rather have:	ANALOGOUS EXERCISE DECISIONS	1 = One hour exercise, 2 = \$10	MR21
aed_1hr6	Would you rather have:	ANALOGOUS EXERCISE DECISIONS	1 = One hour exercise, 2 = \$15	MR21
aed_1hr7	Would you rather have:	ANALOGOUS EXERCISE DECISIONS	1 = One hour exercise, 2 = \$20	MR21
aed_1hr8	Would you rather have:	ANALOGOUS EXERCISE DECISIONS	1 = One hour exercise, 2 = \$25	MR21
aed_1hr9	Would you rather have:	ANALOGOUS EXERCISE DECISIONS	1 = One hour exercise, 2 = \$50	MR21

3.6 Socio-behavioral

Anxiety, mood, emotion regulation, perfectionism, social evaluation, body image state, interoception, and other transdiagnostic trait / state measures — ASI,

BIS/BAS, DERS, Frost MPS, IUS, Self-Compassion, SATAQ, BFNE, Perceptions of Teasing, SPSRQ, FADE/FAMB, NVS, PVS, EMA, OCYC Maladaptive, Body Appreciation.

Search:

Variable	Label	Measure	Value / coding	Projects
All	All	All	All	All
asi_10_spacey	When I feel "spacey" or spaced out I worry that I may be mentally ill.	ASI	0, Very little 1, A little 2, Some 3, Much 4, Very much	MAXED
asi_11_blush	It scares me when I blush in front of people.	ASI	0, Very little 1, A little 2, Some 3, Much 4, Very much	MAXED
asi_12_heart_skip	When I notice my heart skipping a beat, I worry that there is something seriously wrong with me.	ASI	0, Very little 1, A little 2, Some 3, Much 4, Very much	MAXED
asi_13_sweat	When I begin to sweat in social situation, I fear people will think negatively of me.	ASI	0, Very little 1, A little 2, Some 3, Much 4, Very much	MAXED
asi_14_speed	When my thoughts seem to speed up, I worry that I might be going crazy.	ASI	0, Very little 1, A little 2, Some 3, Much 4, Very much	MAXED

Administrative / Other

REDCap system fields and study-flow variables: survey timestamps, record IDs, form-complete flags, consent/signature fields, visit start/end times, payment records, and interviewer notes. Included for completeness; not substantive measures.

Search:

Variable	Label	Measure	Value / coding	Projects
All	All	All	All	All
bmi_timestamp	Survey Timestamp	BMI		POWERED
body_appreciation_scale_timestamp	Survey Timestamp	BODY APPRECIATION SCALE		POWERED
brief_fear_of_negative_evaluation_scale_timestamp	Survey Timestamp	BRIEF FEAR OF NEGATIVE EVALUATION SCALE		POWERED
columbia_suicide_severity_rating_scale_timestamp	Survey Timestamp	COLUMBIA SUICIDE SEVERITY RATING SCALE		POWERED
compulsive_exercise_test_timestamp	Survey Timestamp	COMPULSIVE EXERCISE TEST		POWERED
data_collection_form_timestamp	Survey Timestamp	DATA COLLECTION FORM		POWERED
dcf_activity	What do you currently do for activity outside of organized sports?	DATA COLLECTION FORM		MAXED
dcf_activity_28day	In the past 28 days, how many days have you engaged in some physical activity?	DATA COLLECTION FORM		MAXED
dcf_activity_howlong	How long do you go? *minutes*	DATA COLLECTION FORM		MAXED
dcf_activity_sport	Do you currently participate in an organized sport or activity?	DATA COLLECTION FORM		MAXED
dcf_activity_sport_amount	How many hours per week do you have practices/games/meets?	DATA COLLECTION FORM		MAXED
dcf_activity_sport_name	What sport(s)?	DATA COLLECTION FORM		MAXED
dcf_activity_sport_off_season	Do you participate in sports in other seasons?	DATA COLLECTION FORM		MAXED
dcf_activity_sport_off_season_amount	How many hours per week do you have practices/games/meets when you are 'in season'?	DATA COLLECTION FORM		MAXED
dcf_activity_sport_past	Have you participated in sports in the past?	DATA COLLECTION FORM		MAXED

Notes & caveats

- **Mixed intake forms** (DCF, DCF-Parents, Study Visit A/B/C Collection Forms, BAM's Data Collection Form) are split heuristically; review entries flagged in *Administrative / Other* to confirm none should be promoted to a substantive category.
- **BAM's category assignments** were added by Claude when BAM was integrated into this codebook and have no prior precedent to draw on the way the other three projects' categories did. Measures BAM shares with MAXED/MR21/POWERED (GAD-7, PHQ-9, SATAQ, EPSI, EFQ, Goldfarb Fear of Fat, IUS-S, etc.) inherited that measure's existing category. Measures unique to BAM (CTQ, WDWHQ, PANAS-SF, FPS, UMB-FAT, TMFS, Ideal Body Stereotype Scale, SATAQ Subscales, MMQ-S, FSQ / FSQ - Family, Brief Resilient Coping Scale, EDDS, and the BAM-specific admin forms) were categorized by Claude's best judgment from the measure's name and content — please review these, especially the weight-bias/body-image scales (FPS, UMB-FAT, TMFS) that could reasonably sit in either *Socio-behavioral* or *Eating Disorder Behaviors*.
- **Duplicate variable names** across projects are collapsed into a single row with all source projects listed as badges. If the same name refers to different constructs in different projects, split them in `codebook.csv` before rendering.
- **Value coding** is reproduced from the source REDCap export and truncated to 180 chars in the category tables — full strings are preserved in `codebook.csv`.
- **ART (Athletes' Relationship with Training)** is placed under *Eating Disorder Behaviors* because of its use in assessing compulsive exercise in ED populations. Move it to *Socio-behavioral* if you prefer a behavioral-trait framing.
- **ASI** is treated as the *Anxiety Sensitivity Index* (socio-behavioral), not an eating-symptom inventory.
- **Tanner Stages / PDS** are treated as anthropometric/maturation indicators. Move them in `codebook.csv` if your analyses treat them as medical history.

To refine categorization, edit `codebook.csv` (hand-correct the `category` column) and re-render.
